## Theory and Developmentally Appropriate Practice:

### Child Development Observation #1

In this section, write a brief introduction that will allow your reader to follow the organization of your assignment and the focus of your observation.

**Hint:** Ctrl + Click [INTRODUCTIONS & CONCLUSIONS](#) for help.

### Observation Checklist

Add your Observation Checklist here, including the summary section. This is the checklist that you completed while watching your child observation video.

### Summary of Typical Development

In this section, briefly summarize the development that you checked off in the Observation Checklist.

### Developmental Concerns

Based on your observation, explain the developmental concerns that you have for this child here.

### Supporting Methods and Practices

Explain how you might best support this child using developmentally appropriate practices here. Incorporate an outside source into this paragraph to support your ideas.

**Hint:** For help with completing this section, please refer to the Week 2 readings.

**Hint:** Ctrl + Click [QUOTING, PARAPHRASING, & SUMMARIZING](#) for help.

### Implementing Methods and Practices

In this paragraph, discuss some developmentally appropriate activities that you could do with that child that will support at least two different developmental domains (physical, social-

emotional, self-help, cognitive, language). Incorporate an outside source into this paragraph to support your ideas.

**Hint:** For help with completing this section, please refer to the Week 2 readings.

**Hint:** Ctrl + Click [INTEGRATING RESEARCH](#) For help.

### **Support Considerations**

Explain one or two considerations or suggestions that should be included in the class environment to support the needs of the child. Incorporate an outside source into this paragraph to support your ideas.

**Hint:** For help with completing this section, please refer to the Week 2 readings.

**Hint:** Ctrl + Click [CITING WITHIN YOUR PAPER](#) for help.

### **Conclusion**

Briefly summarize the ideas that you discussed in the above paragraphs and briefly explain of the significance of these ideas.

**Hint:** Ctrl + Click [INTRODUCTIONS & CONCLUSIONS](#) for help.

## References

Use APA format to cite and reference at least two scholarly sources, in addition to the course readings. Remember, you **MUST** include in-text citations throughout your paper to show your reader what information you used from these outside sources.

**Hint:** Ctrl + Click [FORMATTING YOUR REFERENCES LIST](#) for help.

\*In the final version of your assignment, be sure that you have removed all of the hints (green boxes) within the template.
